THE BUMPY PEAKS DESIGN

The bumpy peaks design on the shoulders removes the mud and snow rapidly. Excellent handling ability offers terrific driving performance.

OPTIMIZED CARCASS STRUCTURE

Carcass structure design based on finite element mechanics analysis gives you good drainage and grip performance while staying quiet.

UNIQUE TREAD DESIGN

Janney coupler tread design shows its own power aesthetics and creativity.

ENHANCED SIDEWALL

Extra thick hook design on the sidewall ensures your safety all the way no matter what the road condition is.
